

Surprise

Crystal Waters

You
Were always there for me
And Yes you
Gave all the money I need
Oh you

always care for me

And now you
want something back from me

Oh, I use you
Oh, I abuse you
You've weathered the quietest storms
Survived the rightest of my wrongs
But will you survive my surprise
Surprise, Surprise, Surprise, Surprise
Oh, Open up your eyes

You
Always believed in me
uh, yes you
you never doubted my greed
Oh you
will always come for me and now you
you question me
Did I love you
I placed no one above you
You've weathered the quietest of storms
Survive the rightest of my wrongs
Wrapped it up and disguised it
Locked it in a closet
thought you'd never
ever recognize it
What a naught boy
And what a naught boy
You found my surprise
Open up your eyes, Surprise
Surprise, Surprise, Surprise, Surprise, Surprise, Surprise, Sur
prise, Surprise, Surprise, Surprise
Oh Open up your eyes now
You can open up your eyes boy
Oh Open up your eyes now
Surprise, Surprise, Surprise, Surprise, Surprise, Surprise, Sur
prise, Surprise, Surprise, Surprise, Surprise, Surprise, Surpri
