

Who Taught You How

Crystal Waters

You want my tears, you want my joy
You want my fears and every feeling that I got
You want my wishes, you want my dreams
You want my thoughts, all desires good or not

Well I can't play too hard baby
Not the way your talkin' lately
You touched me deeper than a hand could every try
I'm fallin', I don't know why
Just tell me one thing

Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that

So, you want my faith, you want my soul
You want my hate and all the lovin' that I got
You want me strong, you want me weak
You want my song and every breath that I got
So you want my tears, you want my joy
You want my fears and every feeling that I got
You want my wishes, you want my dreams
You want my thoughts, all desires good or not

Well I can't play too hard baby
Not the way your talkin' lately
You touched me deeper than a hand could every try
I'm fallin', I don't know why
Just tell me one thing

Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that

So who taught you how
Look what you're doin' to me boy
Who taught you how
You knock me off my feet

Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that
Who, who, who

Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that
Who taught you how to kick it
Who taught you how
Who taught you how to kick it
Who taught you how
Who taught you how to kick it
Who taught you how

Hey baby, don't you act to kick it like that, what's up?
I want to know

Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that
Who, who, who
Who taught you how to kick it like that
