

## Do You Have Ppe for Self-Esteem?

Crywank

Hands and knees, scrubbing dirt off the mens' room floor  
The automatic urinal flush comes on and I get sprayed in the face  
New thoughtful ways to degrade

Wheezing and eyes glazed  
I bunk off in a fog of human residue  
To write poetry about how much I hate my job

Do you have PPE for self-esteem?
