

Once I was afraid that I'd find you  
Your patient trembling eyes would unwind me  
And all I've become  
Once I was afraid I'd fall in love with you  
For the first time  
For the first time  
For the first time  
Let's go set fire to all these houses  
The smoke will billow up with our laughter  
The flames will lick your skin  
And I'll fall in love with you  
For the first time  
For the first time  
For the first time  
For the first time  
Shout into the ocean  
Show your teeth  
Plan it all the wanderings of the sea  
These feet are shining plainly  
Through your tears  
Staying every night  
Or so it seems  
With those who always break  
At all your seams  
Come back into the water  
Holding tight  
Once I was afraid that I'd find you  
Your patient trembling eyes would unwind me  
And all I've become  
Once I was afraid I'd fall in love with you  
For the first time  
For the first time  
For the first time
