

## Bury Now

Crywolf

Hands on eyes  
We hide from the dark in the light  
And I'll survive  
When my heart's torn and all of my lungs sore  
You're so right  
I've been waiting for you all my life  
You're right on time  
For my heart to give out to your lung's allure

I wish I could rely  
On another's two feet to stand  
Another's two feet to stand  
I wish I could provide  
Another alternative  
Another alternative

When the weight of all your worlds came crashing on your skin  
And all you ever wanted was a life to live again  
You're not alone, you will carry on  
I found another reason to love the life I live  
To see the world at large, to bury all my sin  
I'm not alone, I will carry on

Bury now  
Bury now  
You can take the easy way out  
If you take the easy way out  
Then my time's just not for you  
I can be the void in your headspace  
I can be the cure to your heartache
