

Chrysalis

I'm growing up and dying every minute you exist
I'll venture down into your tomb
A peristome-covered womb

Chrysalis

I'm gonna chew you till my teeth are numb
I'll drink your poison as I bloom
Digest my way down to my doom

Pulling me down

Pulling me down

(I'm growing up and dying every minute you exist)

Pulling me down

Pulling me down

Pulling me down

Pulling me down

(I'm growing up and dying every minute you exist)

Pulling me down

Pulling me down
