

DRIP

Crywolf

I hover two centimeters over your body
I'm dripping
I'm dripping
I'm dripping with dementia (You can not believe)

I'm excited and not in a good way
I'm steadily spinning
I'm spinning
I'm spinning
Way too slow for you to perceive

Wrap you up in my gravity
Use my words incorrect-a-ly

I am plump with proclivities and I'm falling
I'm losing my balance
I'm losing my balance
I'm losing it

Push it, push it, push it, push it
Push it, push it, push it, push it
Push it, push it, push it, push it
Push it, push it, push it, push it

And when I bite down
I don't stop until my teeth are touching
I don't stop until my teeth are touching
I don't stop until they-

Push it, push it, push it, push it
Push it, push it, push it, push it

And when I'm hungry
I don't rest until my fangs are bloody
I don't rest until my fangs are bloody
I'm not restin' 'til they-

Push it, push it, push it
Push it, push it, push it, push it
Push it, push it, push it, push it
Push it, push it, push it, push it
Push it, push it, push it, push it
Push it, push it, push it, push it

I hover two centimeters over your body
I'm dripping
I'm dripping
I'm dripping with dementia (You can not believe)

I'm excited and not in a good way
I'm steadily spinning
I'm spinning
I'm spinning
Way too slow for you to perceive

Wrap you up in my gravity
Use my words incorrect-a-ly

I am plump with proclivities and I'm falling
I'm losing my balance
I'm losing my balance
I'm losing it

And when I bite down
I don't stop until my teeth are touching
I don't stop until my teeth are touching
I don't stop until they meet

And when I'm hungry
I don't rest until my fangs are bloody
I don't rest until my fangs are bloody
I'm not restin' 'til I eat
