

## FALLOUT [antagonizer]

Crywolf

Monotone me nicely  
It's a case of the revenant  
I'll be going towards the light don't wake me  
Paramour, I'm frightening  
All my love is feral and  
I'll be roaming through your house  
Don't let me catch you sleeping

I'm living on the sea floor  
I'm living in your pollen  
Emerging from the ether  
I'm laying in the barren lands  
I love it when you're tongue tied  
Spilling through your secrets  
A love that could caress my demon

Fallout  
Darling in my heart I'm  
Tearing you apart  
I'll stand corrected  
High and  
On the edge I'm violent  
Staining my hands red  
The lion and the lamb

Don't let me catch you sleeping  
Don't let me catch you sleeping

Monotone me nicely  
It's a case of the revenant  
I'll be going towards the light don't wake me  
Paramour, I'm frightening  
All my love is feral and  
I'll be roaming through your house  
Don't let me catch you sleeping

Don't let me catch you sleeping, sleeping, sleeping, sleeping  
Don't let me catch you sleeping, sleeping, sleeping, sleeping

Fallout  
Darling in my heart I'm  
Tearing you apart  
I'll stand corrected

On the edge I'm violent

Don't let me catch you sleeping, sleeping, sleeping, sleeping  
Don't let me catch you sleeping, sleeping, sleeping, sleeping
