

Slow Burn

Crywolf

And I can't sleep a wink these nights
You're still here with me
And I feel you pull me
Pullin me down

I can't escape from ya (oh)
I can still feel your claws in me (twistin 'round)
I can't explain what you did to me
And now I'm stuck here

Dreamin in my mind
You're rubbing on my chest
You're all up in my brain
Baby you are taking the best of me

Parts of me are gone
I'm about to break
Cause I know this isn't how it should be
