

## Take This Weight

Crywolf

Take this weight from me  
Take this weight from me  
From me...

So sad your old fur was so soft  
All matted down and tied in knots  
I'd write a metaphor to make you like  
Raindrops in the thunder  
The current pulls you under  
Safe inside the water

Take this weight from me  
Take this weight from me  
From me...
