

HBD To You

CSR

Red velvet cupcakes for your day
Two four seven hey
Time to put the candles
In a heart shape
Your happy birthday song
Pink tiara white gloves
Don't be shy
Happy birthday yay
Never forget this moment
Happy birthday to you

When you wake up till you close your eyes
This whole day is about you
Go make a wish and watch them all come true
Don't you know it's magical
To celebrate you now Look around
So beautiful
The stars all igniting

Call all your friends right now
It's soon to hit midnight
Clocks ticking
11:59!
