

Queria não ser um humano lixo
Por você eu desmarcava os meus compromissos
Até que eu tô me sentido legazicha
Apesar do meu cabelo água de salsicha
Você tem medo saiba que isso é recíproco
Tô sempre pronta pra pular de um precipício
Sempre na beira
Sempre facinha
Tô de caveira
Tô de oncinha

I'm gonna say what you said I said
I'm gonna say what you said I said
You gotta promise you won't be mad
I'm gonna say what you say I said

Tell me what you need
Tell me what you need
I'll tell you what I want

Girlfriend where are you
What are you getting into
She's not worth your time and you know it
Let's sit on fire and blow it

She was cuckoo cuckoo crazy
I didn't hear a word
She will end up hurting you

She was cuckoo cuckoo crazy
I didn't hear a word
I didn't hear from you

I'm gonna say what you said I said
I'm gonna say what you said I said
You gotta promise you won't be mad
I'm gonna say what you say I said

I'm gonna say what you said I said
I'm gonna say what you said I said
You gotta promise you won't be mad
I'm gonna say what you say I said
