You are so in love that I can't believe it
You say he's got it all
You say he's got it all
Once so out of luck but now a believer
You say he's got it all
You say he's got it all, ah

Mama's telling maybe you better leave him
You say he's got it all
Say, say he's got it all
Pardon all that sexy american freedom
You say he's got it all
Say, say he's got it all, ah
