Hangover

```
Uh
Uh
Uh

Martians in Mercury
Hot BBQ
Mermaids in Venus
And Neptune with you
We are all dust
We are all dots
Glitter in a sea of rocks

Hangover
Heartbroken
OOOOEEEEOOOO

Never had a hangover till you
Never had my heartbroken till yo-o-ou
I'd walk through the gates of hell
As long as I'm with you

Living in Jupiter that spot is free
Martians, ETs, vampires and bees
Everyone is floating together
Everyone is partying forever

Hangover
Heartbroken
OOOOEEEEOOOO

Never had a hangover till you
Never had my heart broken till you
I walked through the gates of hell
As long as I'm with you

If you have problems, come to me
In Pluto, they don't weight a thing
Let's get happy drinking bloody mary
I don't wanna be your sour cherry

Hangover
Heartbroken
OOOOEEEEOOOO

Never had a hangover till you
Never had my heart broken till you
I'd walk through the gates of hell
As long as I'm with you

Uh
Uh
