

You called me first thing in the morning  
Your excitement could not be held or bared  
Last night nothing really happened  
But you wanted me to have been there, oh yeah  
We do make mistakes, yes  
We do make them  
But we are young and fun  
Soon we can laugh again

Oh oh, girls  
Girls' world

We won't go to sleep at night  
Wild flowers blooms in the dark  
We won't go to sleep at night  
Wild flowers blooms in the dark

I've seen you through your best and worst  
And for you I always left an open door  
We'll always going to have our sisterhood  
Oh girl if you win, I'm a winner too  
We do make mistakes, yes  
We do make them  
But we are young and fun  
Soon we can laugh again

Oh oh, girls  
Girls' world

We won't go to sleep at night  
Wildflowers blooms in the dark  
We won't go to sleep at night  
Wild flowers blooms in the dark  
We won't go to sleep at night  
Wild flowers blooms in the dark  
We won't go to sleep at night  
Wild flowers blooms in the dark

We won't go to sleep  
We won't go to sleep  
We won't go to sleep
