

All The Time

Cub Sport

I've been thinking 'bout you all the time
Imagining a life where you are mine
I've been thinking 'bout you all the time, all the time
I've been thinking 'bout where you would sleep
Imagining you lying close to me
I've been thinking 'bout you all the time, all the time

And I play it out in my mind
I see you, feels like you're mine
It's not your fault that I'm crying
And I play it out in my mind
I see you, feels like you're mine

Can I take you to go swimming?
Okay my head is swimming
I know my heart is beating
But I am still just guessing
I take you to the water
I think you'd like the water

I could take you down to the park
Okay my mind's in the dark
I know my heart is needed
But I am still just guessing
Have you ever looked at the sky
And pictured another life?

And I play it out in my mind
I see you, feels like you're mine
It's not your fault that I'm crying
And I play it out in my mind
I see you, feels like you're mine

I've been thinking 'bout you all the time
Imagining a life where you are mine
I've been thinking 'bout you all the time, all the time
I've been thinking 'bout where you would sleep
Imagining you lying close to me
I've been thinking 'bout you all the time, all the time

Baby, I've been thinking all the time
Imagining a life where you are mine
Baby, I've been thinking all the time, all the time
I've been thinking 'bout where you would sleep
Imagining your body close to me
Baby, I've been thinking all the time, all the time

All the time, all the time, all the time, time

I've been thinking 'bout you all the time
Imagining a life where you are mine
I've been thinking 'bout you all the time, all the time
I've been thinking 'bout where you would sleep
Imagining you lying close to me
I've been thinking 'bout you all the time, all the time
