

Be Your Angel

Cub Sport

I'll
Be your angel

I'll be your angel be your devil
Be whatever you need
I'll fill your days I'll fill your nights
I'll fill your dreams till we see
Just how to lose ourselves
Breathe light into the field
We'll let love be our shield

I'm in your aura can you feel me here now?
I'm letting go, I think I'm learning how
I'll be your angel be your devil
Be whatever you need
Baby just close your eyes and fly
Baby breathe me deep inside
Baby when you come inside it's right
Baby just close your eyes and fly

I've seen the colours of our love
I've felt them in my heart too
But when I tried to paint our love with those colours
I couldn't see it through
'Cause none of it does justice to you
None of it does justice to you

Baby just close your eyes and fly
Baby breathe me deep inside
Baby when you come inside it's right
Baby just close your eyes and fly

I'll be your angel
I'll
Be your angel
