

I'm Not Scared

Cub Sport

Oh oh oh oh
I won't pretend that I don't feel you there
'Cause lately I feel you everywhere
There on my skin
Like I'm breathing you in
Won't pretend that I don't feel you there

Move me like a tidal wave
Say what you wanna say
I am changing every day
I want you here for that
I never told you that
I never told you that I need you here for that
So come on move me like a tidal wave

Lift me on your angel wings
While I'm paying for my sins
You know you know you know you know
Is it okay to sing about these things
'Cause ifs become my everything
My everything my everything

I never knew it (oh!)
But it was you I missed
Yeah it was you I missed
Oh
(I feel you there I feel you there
I feel you there I'm not scared)
I won't pretend that I don't feel you there
'Cause lately I feel you everywhere
(I feel you there I feel you there
I feel you there I'm not scared)
There on my skin
Like I'm breathing you in
Won't pretend that I don't feel you there
Feel you there
(I feel you there I feel you there
I feel you there I'm not scared)
Won't pretend that I don't feel you there

Move me like a tidal wave
Say what you wanna say
I'm changing everyday
I want you here for that
I never told you that
I never told you that I need you here for that
Would you lift me on your angel wings
While I'm paying for my sins
Is it okay to sing about these things
(I feel you there I'm not scared)
'Cause I'm changing everyday
(I feel you there I feel you there
I feel you there I'm not scared)
And I want you around for this
