

I know that you've been down  
Feels like they don't believe in ya  
On the shower floor now  
But I can see the magic in ya  
But I can see the magic in ya  
I can see the magic in ya  
But I can see the ma-  
I can see the magic in ya

I know that you've been down  
Feels like they don't believe in ya  
On the shower floor now  
I can see the magic in ya  
I can see the magic in ya  
I can see the ma-  
I can see the magic in ya  
I can see the magic in ya  
But I can see the magic in ya  
Ma-

I know that you've been down  
I know that you've been  
You're going to be alright  
And I'm always on your side

And I know you're sad

But I can see the magic in ya  
I can see the magic in ya  
I can see the magic in ya  
I can see the ma-  
I can see the ma-  
I can see the magic in ya  
I can see the magic in ya  
I can see the ma-

You're going to be alright  
And I'm always on your side  
You're going to be alright  
And I'm always on your side  
I can see the magic in ya  
I can see the magic in ya  
I can see the magic in ya  
I can see the magic in ya
