Live like this live like Nirvana
Breathe you in like marijuana
Breathe you out though I just wanna
Hold you in yeah I just wanna
Run away but with this feeling
Live like art life so fulfilling
Forget the money chase for fame
Free myself from ego's chains
Free my body from my mind
Leave the painful parts behind
I'm flying now I don't wanna
Come back down but probably gonna
When I do I know that you
Will be there for me arms wide open
Be there with your mind wide open
Mmm
Live like this live like Nirvana
Breathe you in like marijuana
Breathe you out though I just wanna
Hold you in yeah I just wanna
Run away but with this feeling
Run away but with this feeling
