

Write You a Letter

Cub Sport

I'll write you a letter every day you're gone
'Cause maybe then
You'll come home
I'll write you a letter every day you're gone
'Cause maybe then
I won't feel alone

Just don't say
We're not running out of time
'Cause your hands
They don't move
With mine
And don't say
We're not running out of time
'Cause you're still
Filling up
My mind

And I'll count the days
Yes, I'll watch that number
Grow bigger and bigger and bigger
And I'll think of you
And all the things we'd do
If only I had you closer

Just don't say
We're not running out of time
'Cause your hands
They don't move
With mine
And don't say
We're not running out of time
'Cause you're still
Filling up
My mind

Don't want
To see
You cry
Don't want
To say
Goodbye

Don't want
To see
You cry
Don't want
To say
Goodbye

They'll be words for every date
The longer that I have to wait
Just don't say, we're not running out

They'll be words for every date
The longer that I have to wait
Just don't say, we're not running out
