First things first
Ya nigga on my skirt
If I don't give him back, a couple bitches gon be hurt
I just make it work
Count them hundreds first
Only money talk, homie I ain't come to flirt (aye)
Balenciaga stepping, this is not an effort
I can get some bands outta goofy
I ain't gotta fuck em
I see these hoes doing bad, I ain't gotta press em
World cold I wouldn't know in my designer sweater
Got some Gucci on these hoes, yea that snake holla
From a mile away I could spot a fake dolla
Them lil dusty ass hoes no we don't follow
I got bitches watching me a whole role model
Barely in the club and it's gold bottles
Young bitch ballin, shoulda been a fuckin balla
All this Fendi, Chanel, and that old Prada
Got us slaying one time make these hoes holla
These broke bitches in the club like 'bro got us'
Came out with a pocketbook and no dollas
Not the squad we get bands on the regular
Got my bitches in the club we'll 'fuck it up'
Fuck it up, Fuck it up, gimmie my check and stuff
Young bitch ballin, now turnin my music up

Young bitch poppin, money in my pocket
Pull up to the bank, I'm bout to make a new deposit
Ballin ain't no option, bitches barely got it
Walk up in the party get it poppin like hydraulics
Now bounce, bounce, bounce, bounce
Bounce, bounce, bounce, bounce
Young bitch poppin, money in my pocket
Pull up to the bank, I'm bout to make a new deposit
