

Flaw Shit

Cuban Doll

Always on that flaw shit
No you ain't keep it real
Now I'm riding with a still
Really do it drill
Fuck this love shit
Man the pain it hurt for real
You broke my heart, behind you
Yeah, I'm ridiculed
Always on that flaw shit
No you ain't keep it real
Now I'm riding with a still
Really do it drill
Fuck this love shit
Man the pain it hurt for real
You broke my heart, behind you
Yeah, I'm ridiculed

Always fucking with these bitches on your Instagram
Every week got a new bitch, what's up man?
I couldn't see you was only trying to play me
Say you were my baby, only drove me crazy
In a Mercedes, I wanna be your lady
Why you acting shady?
Who you seeing baby?
I been missing you lately
Yeah I'm fucked about you
Think I'm torn between the two
But when it comes down to you
You know I'm picking you!
You know I'm choosing you
You the chosen one!
Riding with a thirty eight
I'll put a hole in one
I know it's hard to see the truth
Between the lies
Fuck them niggas, they just some snakes
In disguise
I know it's hard when you always listening to your pry
Fuck that shit I'm the one that's gon ride or die
I'm the one that's gon ride or die

Always on that flaw shit
No you ain't keep it real
Now I'm riding with a still
Really do it drill
Fuck this love shit
Man the pain it hurt for real
You broke my heart, behind you
Yeah, I'm ridiculed
Always on that flaw shit
No you ain't keep it real
Now I'm riding with a still
Really do it drill
Fuck this love shit
Man the pain it hurt for real
You broke my heart, behind you
Yeah, I'm ridiculed

I'm Cuban Savage, how the fuck can you play me?
You know I got the shit it'll make a nigga go brazy
Mama told me, I ain't never wanna listen
Cause you the only one that I was missing
But you was distant, act like you ain't fuck with me
Creeping having company, ugly hoes can't fuck with me
Yellow like a bumble bee
Bad as I wanna be
Bitches they just wanna be
Your hoes really envy me

Always on that flaw shit
No you ain't keep it real
Now I'm riding with a still
Really do it drill
Fuck this love shit
Man the pain it hurt for real
You broke my heart, behind you
Yeah, I'm ridiculed
Always on that flaw shit
