Bitch watch out!

Ten bands in the bank, I got ten bands on me

You notice what that ain't, can't nobody control it
Aye, got so many K's, but that's anyways
Cuban Doll and Molly Brazy, who these bitches ain't

They broke and lame, still sitting on these nigga's face

Bitches say they 'bout it they ain't 'bout it
Ain't nobody dropping
Niggas say they got it, they ain't got it

Bitches say they popping, they ain't popping

Niggas say they robbing, try to rob me
Bet they shot somebody

My niggas will drop somebody

Bitches late as hell I know I'm way ahead
By the way these bitches talk I know they ain't from here
They know the opps, they know the blocks
They better stay from near
Chop with the scope

Bitches they be playing, bitch I play to win
Bitches making friends, while I'm making bands
All that loose talk, I don't understand
Til' I put that forty to they head, like say that shit again

Hundred round drum, ain't no running
