

# Loyalty

Cuban Doll

And they don't really love you how they say they do  
But if I was them I would hate me too  
And they be playing games  
I won't play with you  
Cause baby no they ain't the same as you

And I got love for you  
And you know I'm spoiled  
And I know you loyal  
And I got love for you  
And you know im for you  
And I know you loyal  
And you know im loyal  
And I got love for you

They keep telling me im tripping, im lacking, im like ugh  
It's whatever, I don't care don't want him back in my life  
They keep asking me why I'm acting uptight  
Cause I been trapping all night until that bag in my life aye  
I just made that money in the streets  
I just made a bitch wait she came in the beef late

Niggas talk like bosses  
Really softer than some cheese cake  
These days ain't too many people I can relate to  
They wanna see who that they can be fake to  
Donald trump them niggas, fuck them  
Niggas they scream fake news  
When you getting money nigga they gon hate you  
When you getting money the gone be fake too

And they don't really love you how they say they do  
But if I was them I would hate me too  
And they be playing games  
I won't play with you  
Cause baby no they ain't the same as you

And I got love for you  
And you know I'm spoiled  
And I know you loyal  
And I got love for you  
And you know im for you  
And I know you loyal  
And you know im loyal  
And I got love for you

Don't give a fuck about these bitches  
Im pimping, they slipping  
And these niggas in my DM  
They text me don't mention  
These bitches wanna be me  
Im flexing a chicken  
Put him on to real now he can't fuck with fake bitches  
Got a lot of cake ana may? Don't fuck with snake niggas  
Stay away from me ain't got no money  
You can't hang with me  
Niggas be disloyal, acting like they for you

Need a nigga that's loyal he know that im spoiled yeah...

And they don't really love you how they say they do  
But if I was them I would hate me too  
And they be playing games  
I won't play with you  
Cause baby no they ain't the same as you

And I got love for you  
And you know I'm spoiled  
And I know you loyal  
And I got love for you  
And you know im for you  
And I know you loyal  
And you know im loyal  
And I got love for you
