

This my life and I feel like that they don't hear me
I get money
I'm still the same bitch reppin' my city
I'm suppose to
It ain't no [?] I get close to
And niggas acting like the hoes
Do know hoes
Don't approach me
I do this shit for my city
Niggas saying that they real
Know this shit can't get realer nigga
I do this shit for my people
Bitches saying that they real
Know this shit can get evil
Bitch I'm [?]
They mad I made it quicker than before

Bitch its money on the floor so I ain't thinking bout no hoe
Cuz we put money on yo head if you think you gon ride
Fuck a job, fuck the feds
Free my niggas locked
We took L's
I wish I could see my niggas now
Shit so dead
Just don't want to see em in a box
Bitches know that we the truth
They know where our loyalty lie, aye
Tell em 10 bands for a fast car
Tryna keep up with no funds better play it smart
Plus yo money too short like you got [?]
Bitches hating hard
You a pussy you ain't gon make it far
Bitch don't give a fuck
Cuz we don't play it fair
We don't play at all
Play with us and we gon take it there, yeah

But let me make it clear
You bitches still ain't had a good year
