Cuban Doll

Whack ass bitch with that lace front, face front
One bitch with me, she gon' shake somethin'
Kill a bitch in silence, I ain't even gotta say nothin', shake somethin'

You ain't got no money, I ain't into you, get rid of you
I be checkin' bitches like an interview
Why niggas sneak dissin'? That's what bitches do
Twin Glock-40's, got the same guns my niggas do
We get physical and I promise it don't take much
Chopper with a knife got two clips duct taped up
Bitches talk a lot but when they see me they don't say nothin'
Go'n play tough, you the type to get your whip sprayed up
If it's sweet, eat eat like he made lunch
Niggas laid up with broke bitches, they ain't made a dollar
I got rich bitch problems
Got a chopper, you can run but ain't no hidin'
We gon' find you motherfuckers, like

Whack ass bitch with that lace front, face front
One bitch with me, she gon' shake somethin'
Kill a bitch in silence, I ain't even gotta say nothin', shake somethin'
I ain't even gotta say nothin', shake somethin'
Whack ass bitch with that lace front, face front
One bitch with me, she gon' shake somethin'
Kill a bitch in silence, I ain't even gotta say nothin', shake somethin'
I ain't even gotta say nothin', shake somethin'

Bitch, I been a boss since my birthday
In the first place, you fucked up in the worst way
All about my green like it's Earth Day
Play with that, I'm gon' shake somethin' like an earthquake
You ain't really got it how you say, you be lyin'
Tryna be somethin' that you not, just quit tryin'
Time is money, give me money for wastin' time
Any bitch tryna argue with me, then that's fine
Your nigga say I'm fine, told him wait in line
You can be a dime, still ain't worth a dime
You can think I'm lyin' 'til we pullin' up outside
Shoot her in the head, now that bitch lost her mind

Whack ass bitch with that lace front, face front
One bitch with me, she gon' shake somethin'
Kill a bitch in silence, I ain't even gotta say nothin', shake somethin'
I ain't even gotta say nothin', shake somethin'
Whack ass bitch with that lace front, face front
One bitch with me, she gon' shake somethin'
Kill a bitch in silence, I ain't even gotta say nothin', shake somethin'
I ain't even gotta say nothin', shake somethin'
