Bossa No Sé

Cuco

Don't play with me, you broke my heart but I'm also so obsessed with you
I don't know if I love you, I don't know if I hate you
Baby it's time to get out my way, get out my life
I'm so sick of you just playin' games
I'm pretty sure I hate you, I'm pretty sure I love you

After all of this commotion and the bullshit that you did
Cut my body into pieces and just throw me off a bridge, uh
I think it's fair to say, that I'm going insane
More broken day by day, why won't you go away?
You say you hate me but you stay banging my line
Why do you want to break my heart and love me at the same time?
Stupid bitch you came from hell and made me lose my fucking mind
What did I do to deserve this? You just gave me a hard time

They hit me up and told me, that you were with my homie
How could you ever hurt me? I've never been so lonely
Can't take you back oh no no, think that it's time to go go
You left me all on my own

Don't play with me, you broke my heart but I'm also so obsessed with you
I don't know if I love you, I don't know if I hate you
Baby it's time to get out my way, get out my life
I'm so sick of you just playin' games
I'm pretty sure I hate you, I'm pretty sure I love you

You gon' make me take my passion and put it to the side (put it the side)
You was the lady I loved but you ruined my life (you ruined my life)
But you was so pretty that I didn't put up a fight
But you was so petty and I just knew it wasn't right
I've been shit in HD, all of this shit it just ain't me
You been sayin' that you hate me
Then taking it back, and can't face me
I roll a blunt just to face it
And put the bullshit to the side
Made a rollercoaster out of my mattress
How you take a nigga for a fucking ride
I've been trying to put it in the past
Saying that it's old news (old news)
Can't stand the thought of your ass
Deleted your old nudes
Made sure you was solid ain't wanna leave you in the cold boo
I think of the times that spent
It leaving me so foolish (so foolish)

I've been trying to put it in the past saying that it's old news
