

## Lava Lamp

Cuco

Someone's out there  
Waiting for me  
I have to find her  
And tell her that I love her

You're a million miles away  
The bridge between winter and summer  
Seems like a bummer but it's worth the wait  
And I know you'll shine the way  
With your lava lamp, lava lamp  
In the middle of your room  
From my window I could see  
Bright blue light was shining deep  
Like the sea on New Year's Eve  
Wishing you were next to me  
Yesterday in LA  
It was sunny but it rained  
In my room (in my room)  
When I wrote a song for...

Someone's out there  
Waiting for me  
I have to find her  
And tell her that I love her

If only  
You'd hold me  
And I wasn't  
One billion miles away

Someone's out there  
Waiting for me  
I have to find her  
And tell her that I love her
