

## My 45

Cuco

Ooh baby  
Oh, alright

I got you right beside me  
(Got you right, got you right)  
You know she's so feisty  
(She's so feisty)  
For me she'll catch a body  
(She catch it body now)  
You know she ridin' shotty  
(Know she ride, know she ride)

I got my 45  
(I got my 45)  
So we gon' be alright  
(We gon' be alright now)  
We could hit the streets  
(We could hit the streets)  
Or we could stay inside  
(We could stay, we could stay inside)

Round town, baby  
They know you, ride for me  
By my side  
She my 45  
(She's my 45)

My 45, my shorty I don't play with  
Yea she know me, yea she hold them special places  
I never knew nobody in the type of way yet  
I never knew another clever 'nuff to fake this  
Lane switch, grain gripped, blinkers enough  
For the cops not to stop us 'cause we living it up  
She gon' spot an opp, we profit off it, livin' is tough  
But with her livin' is sweet, I gotta give her my love yeah

Round town, baby  
They know you, (they know) ride for me  
(Never on my) By my side  
She my 45  
(She's my 45)

Round town, baby (all round town)  
They know you, ride for me  
(Never on my) By my side  
She my 45
