

## Phases

Cuco

Living in my head for some time  
Now you better find a way to pay it (Way to pay it)  
Tenant in my heart  
I swear to God that you been getting so invasive (So invasive)

Never satisfied  
Why you gotta cry?  
Let it go, go, go  
Lemme go, go, go

I don't wanna be the one to say it  
Baby, but this shit so wrong, so wrong  
She was always saying that I'm always  
Out my mind and it's so hard, so hard  
Girl, I know you wilding, you was smiling  
This whole time, you doing harm, doing harm  
You don't got no patience with me  
You just go through phases like it's calm

Why won't you leave me, darling?  
Why can't we just go our own ways? (Our own ways)  
Oh, I got the papers, darling  
You best be out in thirty days, whoa

Never satisfied  
Why you gotta cry?  
Let it go, go, go  
Lemme go, go, go

I don't wanna be the one to say it  
Baby, but this shit so wrong, so wrong  
She was always saying that I'm always  
Out my mind and it's so hard, so hard  
Girl, I know you wilding, you was smiling  
This whole time, you doing harm, doing harm  
You don't got no patience with me  
You just go through phases like it's calm
