

Sitting In The Corner

Cuco

Now I'm sitting in the corner
Where you'd lay down on your pillow and you'd see me
We would dance and we would sing on New Year's Eve
The flashing lights decorate the ceiling

Can't ignore and can't avoid that it was there
We had it all, it was the feeling
I try to grab onto the clock
I can't accept that time is passing and it's fleeing

¿En dónde está el amor
Que prometiste duraría una eternidad?
(Duraría una eternidad)
Vuelve, por favor
Me está matando esta maldita soledad

Me duele que ya no estés aquí
Cuando mi vida daba por ti
Yo no sabía que tú eras así
Solo te aprovechaste de mí

Me duele que te portes así
Mi vida no es la misma sin ti
Con unos tequilitas y weed
Tendré que olvidarme de ti

Now I'm sitting in the corner
Where you'd lay down on your pillow and you'd see me
We would dance and we would sing on New Year's Eve
The flashing lights decorate the ceiling

Can't ignore and can't avoid that it was there
We had it all, it was the feeling
I try to grab onto the clock
I can't accept that time is passing and it's fleeing

Estoy ahogando mis dolores en bebida
Sigo tomando a ver si todo se me olvida
Adiós, amor, amor
Ya no queda nada

Baby, por favor
Líbrame de todas mis penas, que ya no
Puedo aguantar esta triste soledad
¿Qué me va a pasar sin ti?

Me duele que ya no estés aquí
Cuando mi vida daba por ti
Yo no sabía que tú eras así
Solo te aprovechaste de mí

Me duele que te portes así
Mi vida no es la misma sin ti
Con unos tequilitas y weed
Tendré que olvidarme de ti

(El sentimiento, amor)

Can't ignore and can't avoid that it was there
We had it all, it was the feeling

I can't accept that time is passing and it's fleeing
