

Over

Cueshe

Today I'm leaving
There's no turning back for me
You know this is true
By now you should know
I've given up the fight
I've got myself to save somehow
I'm saving up my life

I've got myself to blame if this is not for me
But letting go is the only way to live my life

Leaving you
Out of my way I'm over you
It's time to
I'm walking away now
Today will be a better day to start again anew

It seems so rude
I'm not coming back for you
I never meant to
At least I have told you
I've given up the fight
I've got myself to save somehow
I'm saving up my life

I've got myself to blame if this is not for me
But letting go is the only way to live my life

Leaving you
Out of my way I'm over you
It's time to
Starting today I'm over you
Leaving you
Out of my way I'm over you
It's time to
I'm walking away now
Today will be a better day to start again anew

Leaving you
Out of my way I'm over you
It's time to
Starting today I'm over you
Leaving you
Out of my way I'm over you
It's time to
I'm walking away now
Today will be a better day to start again anew
