

Sweet Surrender

Cueshe

I feel the heat that's building up inside me, inside of me
Like a fire that's burning with desire
Got my world spinning right at the palm of your hand
Hypnotized the way you look into my eyes that's what I'm fearin
g for

Oh oh oh, I can't let you win
Whoa oh oh oh, you know I'll not give in

I take a ride on the side, no need to turn, they crash and burn
Every day underneath the velvet sky
I take a fall, you and I, we'll be together, sweet surrender
Now it seems that I can never walk away from all the games you
play

Oh oh oh, I can't let you win
Whoa oh oh oh, you know I'll not give in
Whoa oh oh oh, now I'm wearing thin
Whoa oh oh oh, you're under my skin

Oh oh oh, I can't let you win
Whoa oh oh oh, you know I'll not give in
Whoa oh oh oh, now I'm wearing thin
Whoa oh oh oh, you're under my skin
You're under my skin
You're under my skin
You're under my skin
You're under my skin, yeah
