

## It's Over

**Cuff the Duke**

Long ago time was still just a friend of mine  
It's over, it's over, it's over my head  
I'm a slave to time it no longer waits for me  
It's over, it's over, it's over my head  
Over my head  
Over my head  
It's over my head  
It's over my head  
It's over, it's over, it's over my friend
