

Long Winter

Cuff the Duke

Everything is moving too fast, and you don't care
How am i supposed to feel now that you're not there?
Now that you're not there..
Now that you're not there...
Well i know how it feels
Yeah i know how it feels
Yeah i know how it feels
To be all alone
Every breath you take i take too
All i really wanted is you
Again, my friend...
Well you say it's all up to me
You think i dont know
But if you broke my heart right now
You're still gonna go
Yeah you're still gonna go
Yeah you're still gonna go
Cause i know how it feels

Yeah i know how it feels
Yeah i know how it feels
To be all alone
Every breath you take i take too
All i really wanted was you..
Again, my friend...
And you say a thousand years won't change your mind
I've got to get get out of here before you change your mind
I wish you'd change your mind
I wish you'd change your mind
Cause you'll never be mine
I wish you'd change your mind
I wish you'd change your mind
Cause you'll never be mine
No you'll never be mine
No you'll never be mine..
Again!!
