This is a warning to every nation now  
We got we come as one cause we need some more love  
Hear me come come calling to all di youth dem now  
Whether east unite whether west unite  
All together right now

La pobreza te rompe la cabeza  
Es otra forma de vida muy dificil sin salida muchos lo intentan de cu  
alquier  
Manera  
Pero caen antes de llegar a la frontera  
Otros pasan pierden la paciencia  
Se vuelven criminals y utilizan la violencia  
La pobreza nos rompe la cabeza  
Nos muestra otos caminos que influyen los destinos  
So much poverty in a rich country  
Upper class sell dem love fi di industry  
People getting blinded by fake reality  
They earn money but dem lose humanity  
It's all about insanity what I see inna tv  
Day by day people run crazy  
It's a family that di people really need  
Just more unity  
So much poverty j.straight tell we  
So me gwaana share di flow no rearea  
Unity that's what we need right there  
Peace and love now fi everybody  
Poverty fi get dust and away  
Tax fi di rich fi di poor country  
Industry then dem rich dem fi pay  
Dust a worldwide poverty

This is a warning to every nation now  
We got we come as one cause we need some more love  
Hear me come come calling to all di youth dem now  
Whether east unite whether west unite  
All together right now
