

# An Echo

Cults

With only a whisper  
Everything withered  
Deafening, delicately  
Wrapped up in the shadows  
An echo  
Of what you once knew  
I followed your footsteps  
Lost all my good sense  
Devoted, desperately  
Wrapped up in the shadows  
An echo  
Wrapped up in the shadows  
A memory  
Forgetting once more  
I swallowed your secrets  
Carried your weakness  
Devoted, desperately  
Wrapped up in the shadows  
An echo  
Of what you once knew  
Worse to be waiting  
Worthlessly fading  
Deafening, delicately  
Wrapped up in the shadows  
An echo  
Wrapped up in the shadows  
A memory  
Forgetting once more
