Cults

I heard you say  
We could spend the day away inside our minds  
Gotta wait for a time  
When I'm gonna try to  
Turn the light on  
Give ourselves a way to things that we can find  
Put ourselves on the line

Now I'm trying  
Trying hard to get myself from under  
Your command  
Your command  
Now I'm praying  
Caught you for a while, but I could run and  
Change my mind  
Or change my sign

Now I'm trying  
Trying hard to get myself from under  
Your command  
Your command  
Now I'm praying  
Caught you for a while, but I could run and  
Change my mind  
Or change my sign

I heard you say  
We could spend the day away inside our minds  
Gotta wait for a time  
When anyone could  
Lots to show you  
We could find a way to take my problem guys  
Gotta wait for a time  
When I'm gonna try to  
Turn the light on  
Give ourselves a way to things that we can find  
Put ourselves on the line
