

Bad company
Is every day the same routine?
Eyes like the sea
And once again the problem's me

Please
I'm slowly losing sympathy
"What could it be
That occupies your mind?" I screamed

Crybaby
So caught up in your misery
Crybaby
You waste a lot of time it seems

You need
To always put yourself at ease
No life for me
Fallin to pieces
Endless grief

Crybaby
So caught up in your misery
Crybaby
You waste a lot of time, it seems

Dry your eyes
Baby
Turn off the scream
Dry your eyes
Baby
Turn off the scream

Crybaby
(Crybaby)
Crybaby
(Crybaby)
Crybaby
(Crybaby)
So caught up in your misery
Crybaby
(Crybaby)
You waste a lot of time, it seems
