

Eat It Cold

Cults

Walked home, but I should've driven
Had to go past the place we lived in
We knew the family traditions
Stories they told
Something was missing

It's been passed down the line for a couple of centuries
Now there're no more people that we trust
Almost feel the secrets swallow us whole
It's been passed down the line for a couple of centuries
All our mothers teaching all of us
All our mothers keeping all of us full

All our mothers teaching all of us
All our mothers keeping all of us full

We knew the family tradition
Eat it up cold
It leaves us hungry

It's been passed down the line for a couple of centuries
Now there're no more people that we trust
Almost feel the secrets swallow us whole
It's been passed down the line for a couple of centuries
All our mothers teaching all of us
All our mothers keeping all of us

Where are we now?
Where are we now?
Where are we now?
Where are we now?

Now there're no more people that we trust
Almost feel the secrets swallow us whole
All our mothers teaching all of us
All our mothers keeping all of us full

All our mothers dreaming all of us
All our mothers keeping all of us full
All our mothers teaching all of us
All our mothers keeping all of us full
