

Left My Keys

Cults

Solid days
I would wait
I was trying
I was late
Left my keys
At the gate
I was late
I was late

Altered states
Welcome waste
I was flying
I was faint
Tell me please
I won't wait
I was late
I was late

And we can drive all night
We can go anywhere
And we can ride
All night
We can go anywhere
From here

Wrote your name
On my hand
Now we're under
Our old plans
I would trade
A hundred days
I was late
I was late

And we can drive all night
We can go anywhere
And we can ride
All night
We can go anywhere

Step away from the new me
It's not like a movie
I can feel it happening again
In the place where you met me
There's nothing left to see
Those old lots are all skyscrapers now

I can feel it happening again
I can feel it all start all over again

And we can drive
All night
We can go anywhere
And we can ride
All night
We can go anywhere
From here
