On a boat on my sailing ship on my own far away from it give me death, but don't give me this I'll pass if that's ok

to rave on rave on rave on

in a class where you got an A
feel your lovers lips on your favorite day
in your mother's arm's when you blast away
i'll pass if that's ok

on a stage where you love to play on your knees look for words to say thank God every single day I'll pass if that's ok

to rave on rave on rave on

on a boat on the sailing ship, of my own far away from it, give me death but don't give me this i'll pass if that's ok

to rave on rave on so rave on rave on

to rave on rave on rave on
