

Dangerous Man

Culture Club

He could word it out like a dangerous man
How could you value his intentions
Martin had the devil just like anyone can
He spoke words they were frightened to mention

Yesterday ain't gone
We just pushed it aside
Out in the jungle
There ain't nowhere you can hide

There's a different smile on your face today
Though you wear it well
There's a lot to say
There's a different mood in the world tonight
We can do it right

John he washed it over with a confidence tan
I konw that peace and love ain't prevention
Brian in the closet with his master plan
Build them up it's so sad they forget you

Yesterday ain't gone
We just pushed it aside
Out in the jungle
There ain't nowhere you can hide

Are we not men
Did you save us?
Are we not men
Did you try, did you try?

We have been, we have been, we have been
We have been denied

I could word it out like a dangerous man
If they landed here we'd collect them
Yellow, black or white here in the circus of men
I don't know I don't care I forget you
