Vibration, o nation

They never love, they never love (oooh)
The lord nor the prophet from such time
How do you expect them to love (I and I)
Jah Rastafari in this time

Chant

They never love, they never love (oooh)
The lord nor the prophet from such time
How do you expect them to love (I and I)
Jah Rastafari in this time

For I and I was the same old Idren
That's the power from Zion
Powered with the keys of the bottomless pit
And with a great chain in I hand

And I and I lay hold on Babylon the old old dragon
And bound him for ten thousand years, longer than that
And I and I lay hold on Babylon the old old dragon
And bound him for ten thousand years

Chant say

They never love, they never love (oooh)
The lord nor the prophet from such time
How do you expect them to love (I and I)
Jah Rastafari in this time

They never love, they never love
The lord nor the prophet from such time
How do you expect them to love
Jah Rastafari in this time

They never love, they never love
The lord nor the prophet from such time
How do you expect them to love
Jah Rastafari in this time

For I and I was the same old Idren
That's the power from Zion

Powered with the keys of the bottomless pit
And with a great chain in I hand

And I and I lay hold on Babylon the old old dragon
And bound him for ten thousand years, even longer than that
And I and I lay hold on Babylon the old old dragon
And bound him for ten thousand years

Chant say

They never love, they never love
The lord nor the prophet from such time
How do you expect them to love (I and I)

Jah Rastafari in this time

They never love, they never love
The lord nor the prophet from such time
Then how do you expect them to love
Jah Rastafari in this time

They never love, they never love
The lord nor the prophet from such time
How do you expect them to love (I and I)
Jah Rastafari in this time

They never love, they never love
The lord nor the prophet from such time
Then how do you expect them to love
Jah Rastafari in this time

They never love, they never love
The lord nor the prophet from such time
How do you expect them to love
Jah Rastafari in this time

They never love, they never love
The lord nor the prophet from such time
How do you expect them to love (I and I)
Jah Rastafari in this time
