

Chillin' in the back of the VV12
Givin' these niggas and bitches hell
Every time they see me, I just prevail
Sittin' back, watchin' them take they L's
Chillin' in the back of the VV12
Givin' these niggas and bitches hell
Every time they see me, I just prevail
Sittin' back, watchin' them take they L's

Niggas like, niggas like
Bitches with some cellulite
Niggas like, niggas like
Different bitches, different size
Niggas like, niggas like
Cybertrucks or slimmer bike
But ultimately, fat or skinny, baby girl

He lookin' at that aura on you, on you
He lookin' at that aura on you, on you

Who fuckin' cares about the size you wear?
You are the baddest bitch, you better act aware
You givin' top tier cunt, better walk with a strut
With your head held high like an eclipse, nigga
More than an illustration, if your image was vacant
Looks was deterioratin', how the fuck you gon' take it?
Be liberated, bitches hate it, we don't get intimidated
'Cause without no debating, bet a nigga date it
Can I get a C-U-N-T-Y?
This a serve that bitches cannot buy
In the mirror, only time I'm shy
'Cause I got the baddest bitch in my sight
Hating on the natural waists
While you getting consultations
Airhead bitches, fucking hate it (Phew)
Give that bitch inflation

Niggas like, niggas like
Bitches with some cellulite
Niggas like, niggas like
Different bitches, different size
Niggas like, niggas like
Cybertrucks or slimmer bike
But ultimately, fat or skinny, baby girl

He lookin' at that aura on you, on you
He lookin' at that aura on you, on you

Unapologetic and charismatic
I got the magic that make them panic
Aura on you, on you

Chillin' in the back of the VV12
Givin' these niggas and bitches hell
Every time they see me, I just prevail
Sittin' back, watchin' them take they L's
