

# A.U.T.I.S.M

CupcakKe

Every kid with autism know that my heart with 'em  
Rather listen to him than the friends he brought with him  
Warrior, not a victim, it's rougher than hard denim  
Picture bein' on beat but they call you a off-rhythm  
Okay, here come anxiety, scared to step in society  
One shouldn't be judged of issues, loudly or quietly  
Nothin' weird about 'em, it's just a fucked up view  
He bleed the way you bleed, and his shit red, too  
Okay, picture this  
You could be the realest nigga speakin', but ain't nobody even  
listening  
Never bully on a bully, but they always wanna pick up on the in  
nocent  
Really not tryna hear it, man, some people really are ignorant  
and belligerent  
But you get the point like a pyramid

A unique-thinking individual strongly matters  
A unique-thinking individual strongly matters

I'ma treat you like my own  
In my heart, you got a home  
You ain't gotta feel alone, I understand your tone  
You can talk to me even if I got one percent on my phone  
'Cause you brush the wrong kid off, they'll go and stab theysel  
f with a comb  
Some might repeat words, it still need to be heard  
I'm tryna hear every verb, I care more than a nurse  
The negative not welcome, put the sign up, please don't disturb  
If they don't accept you for who you is, tell 'em they can swer  
ve like skrrt  
Yeah, you deserve to feel free (ayy), live life fiercely (ayy)  
Always be leery (ayy), but have no fear, G (ayy)  
Daily and yearly (ayy), life can get eerie  
But the only voice I can't listen to is that annoying bitch Sir  
i  
Okay, no matter what, man, we gotta do better  
Stronger as one and we braver together  
Cold world, never change your weather  
Say what you mean and don't fold under pressure, yeah  
Everything gon' be fine  
And if Humpty Dumpty fall off the wall  
Tell Humpty Dumpty re-climb, ayy

A unique-thinking individual strongly matters
