

Yeah your eyelashes mink, but your vagina stink (Ew)  
Bitch go clean up your sink (Hurry up)  
Walk in your house, nope I don't want a drink  
I just want more money, I'm runnin' through phases  
Like I am a makeup artist with a brush  
All of the bitches keep clonin' me got me feelin' like Lupita in Us  
I rock Versace robe with the low cuts  
I really wonder why they gas you hoes up?  
Yeah you rocking all that Fashion Nova  
But in reality, you look like fashion no bruh (Ayy! Ayy!)

I walk in Prada like a problem bitch, pardon me (Excuse me)  
You got a dollar, bitch you probably shop at dollar tree (Uh huh)  
I kill shit, then order crabs at the murder scene (yum, yum)  
While you on FaceTime, girl I'm at Burger King  
Bitch you a joke, broke, look like nope  
Twenty nineteen, I just lost hope  
Scope, peep everything, woke  
Crack a bitch head open, like where's the joke?  
Ain't playin', these bitches gon' die on sight (Brra)  
My bag heavy like the ones on Aaliyah flight  
The way I'm living high ceilings, I could fly a kite  
Your crib remind me of an airplane bathroom, real tight
