

Duck Duck Goose

CupcakKe

I thought I came but I peed on the dick
Pubic hair got inches, that's weave on the dick
Pussy like a tree, it got leaves on the shit
Bang bang this pussy, Chief Keef with the dick
Climbing on that dick, need a 10 feet ladder
I love the D, that's my favorite letter
My news in your phone, takin' up your data
My cakes got fatter by using cum as the batter
Look down to your dick and tell him I won't disappoint it
Pussy on punishment if she miss a dick appointment
Sloppy toppey for papi, leave sloppy joe shook
I only call you Captain, 'cause your dick is off the hook

I can make your dick stand up (are you ready?)
Like Statue of Liberty, one sweet fuck (so hard)

Tap the head of the dick, duck duck duck goose
Head of the dick, duck duck duck goose
Get that dick up and runnin' when he fuck this cooch
Covered in all my cum that thing be lookin' like a goose

Covered in all my cum that thing be lookin' like a goose

Twat so wet, you could take a cruise on it
Suckin' yo neck till I leave a bruise on it
Let you eat the pussy just don't use a spoon on it
Put it in a box like you 'bout to move on it
This that submarine pussy, Mr. Clean pussy
This that I'm bout to fuck you longer than the limousine pussy
High self esteem pussy, it's a dream pussy
If you broke, then the pussy acting funny like a mean pussy
Easy-Bake Oven, and this pussy so similar
Touchin' yo head but ain't checkin' the temperature
Got the dick on lock like a motherfuckin' prisoner
Nut in my pussy hair, that's deep conditioner

This pussy iconic and moan with me
Put your finger in the hole, come bowl with me
Let me brush your pubic hairs while I suck on your cock
Get all the cum out your dick, make it go out of stock
Turn it into a Yeezy shirt when you rip off my top

My box already small, it don't need to be cropped
Turn double dutch with yo' balls while I'm jumpin' on your dick
Tell your grandma sold my pussy, since you split open my clit
Coochie guaranteed to put you to sleep so damn soon
Riding on that dick I'm reading Goodnight Moon
