

(Slug, baby)

Cops at my car door, I'm like, "What the fuck?" I'm so surprised (The fuck?)
He gave me and my nigga tickets on a DUI (The fuck is this?)
Passenger princess, so this gotta be a fucking lie (What?)
He say, "I caught you drinking dick while he fucking drive"

Don't drink and drive
Don't drink and drive
Don't drink and drive
I look drunk because he came on my eye
Don't drink and drive
Don't drink and drive
Don't drink and drive
I look drunk because he came on my eye

Hola, papi, come fill this body
OCD, but this head so sloppy
Black cock, yeah, it look so gothly
Pussy gold, yeah, it's so Versace
I am your horror in this movie, go 'head, shoot it up
That dick so hard, it's like an activist, it's woke as fuck
Cum in this pussy, boy, do as I say so
Come fill it up with joy, look like a white halo
It's too hard to afford, I'm grippin' my ankles
I open my legs with poise like wings on a angel

Cops at my car door, I'm like, "What the fuck?" I'm so surprised (The fuck?)
He gave me and my nigga tickets on a DUI (The fuck is this?)
Passenger princess, so this gotta be a fucking lie (What?)
He say, "I caught you drinking dick while he fucking drive"

Don't drink and drive
Don't drink and drive
Don't drink and drive
I look drunk because he came on my eye
Don't drink and drive
Don't drink and drive
Don't drink and drive
I look drunk because he came on my eye

Shut the fuck up, nigga, and drive
Might ride that dick if we on Rodeo Drive
Nigga dead from the head, looking so damn tired
So when the cops came, I told that nigga, "Look alive"
Before they think that you bust down some Casamigos
When whole time, you bust down a fuckin' freak ho
Suck the life out him, but the heart still beat though
He busting like the airbag in the driver seat broke
I make the pussy pop, pop, pop all night
I suck up every drop, drop, drop on sight
Said, I'm cool with the head, I be doin' what he like
Put it back in my mouth, that's a true frostbite
Now, who gon' stop me for taking that pipe?
Claustrophobic, but the pussy real tight
Wishing well twat, wet if coins right
Squirtin' down my ass, get your windshield wipe
